SPONSORSHIP PACKET

DEAR FRIENDS,

“Pursue was more than financial aid for me, it was a support group and networking opportunity. Between care packages, emails, school visits, the holiday party and golf outing; I have become a part of a community of people who truly care for the achievement of the scholarship recipients. The financial support was minimal in comparison to the social and spiritual support provided while in college.”

Since 2007, Pursue Scholars has identified and invested in emerging urban leaders who will be agents of change in communities throughout Chicago. During this challenging time in society, these amazing young people need your investment more than ever to offer them the support to continue to thrive.

I’m excited to see how our scholars will grow and mature through this time of adversity. Thank you for your sponsorship and support in the success of this event. Thank you for your support of these outstanding young leaders.

Thank you,

Kevin Gwin
Executive Director
Pursue Scholars
